Dear Sir:

This is a request that Action Line look into my request in San Francisco on October 11, 1968 for a passport which I wanted for the purpose of defecting to a Worker's State via Mexico City during the olympics. The number of my permit in Mexico which I took out in New York City on July 24, 1968 is # 835-7946---(23596).

On October 16 a letter came from the Director of the

Passport office in Washington to the effect that my application was under consideration. My complaint is that the Olympics will be over before they let me have the passport. I would just about have to journey to Mexico city by land due to financial reasons.

Also my complaint is that the money I was to use to defect was mailed back to Texas early this month and did not return until October 14 --- just before my prior passport expired on October 15 or 16. This caused a delay and now the passport office

is stalling. (The money I speak of was a Social Security check for $101.60 which my mother forwarded to me when it reached Manahan on October 3).

These two recent cases are not the only time the establishment has messed me around. They stole my luggage (in which the previous passport was) when I set out for the Democratic convention in Chicago. I suggest you consult Mrs. Marguerite Oswald, 4024 Byers, Ft. Worth about this passport which the establishment stole during the convention.

Yours truly,
Lisbian H. Hoffius

P. S. Why also slashes me by departing me from Canada last date.
